

## FRONT VIEW: Expandable Ranch Design

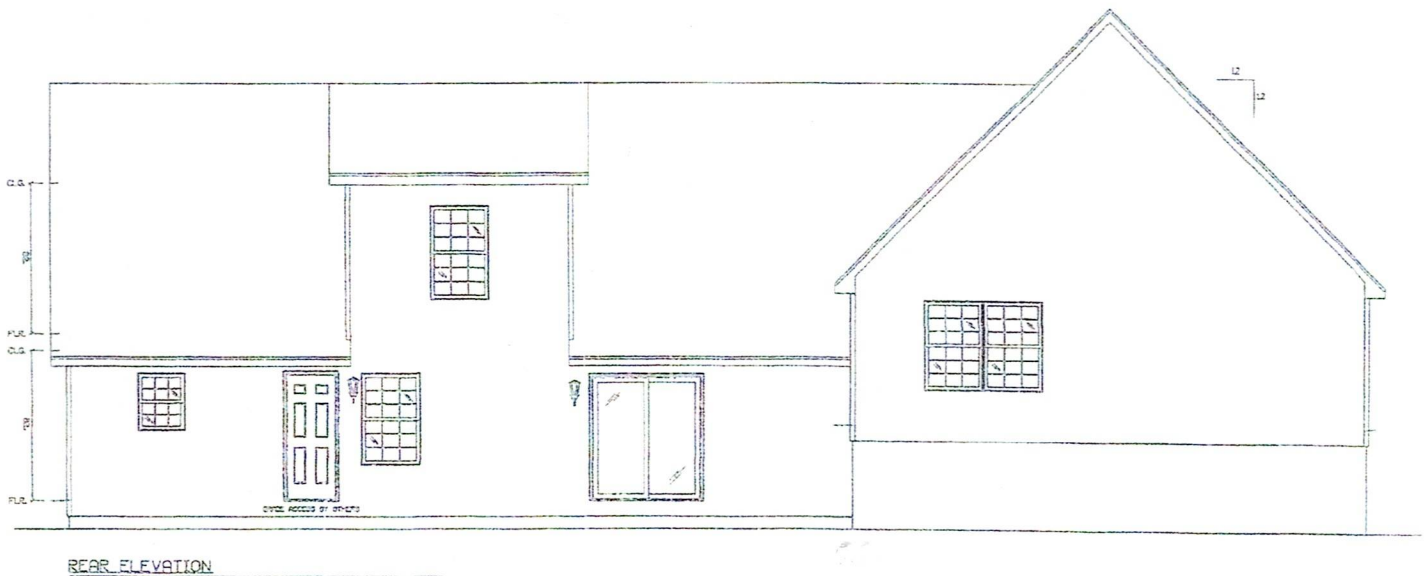

Designed as an Architecturally “Expandable” Home, this 3 Bedroom 2.5 Bath, 2,050 Sq/Ft Ranch (SEE FLOOR PLAN), has a room content that can be expanded without increasing the Homes foundation Footprint.

Preinstalled Plumbing and electrical infrastructures will allow for additional Bedrooms, Baths, Offices, Studies, Libraries, all constructed under roof without the need for additional Foundation expansion to accommodate the room additions.

## REAR VIEW: Expandable Ranch Design

The Architectural FLEXABILITY of this home will allow for integrating "Under-Roof" expansion of this Ranch Home by utilizing the Center Hall stairs to access future rooms as needed..
